

Membership Application 2011

The St Johns Boosters is a non-profit, volunteer association of merchants, property owners, and individuals interested in the health and future of the St Johns area. Through our networking, community activities and special events the Boosters brings together people, ideas & opportunities for St Johns. We are a membership driven organization serving the St Johns community since 1926. A strong sense of tradition and history provides a firm foundation for a common-sense attitude towards the future development of St Johns. This has made us one of the most effective and oldest business associations in Portland. The following is just some of the things we've accomplished in 2010.

48th St Johns Parade, Ivy Pull on Ivy Island, Holiday Tree in the Plaza, new Holiday ornaments in Town Center; Collaboration with local community organizations: -North Portland Business Association -Friends of Cathedral Park Neighborhood Association -St Johns Neighborhood Association -Supporting the St Johns Main Street Coalition.

A business association is democracy at street level; it's solving local problems; and its marketing to the neighbors, the city, and the region. Portland's business district associations are good for everyone involved. A strong, active business district association is the glue that holds neighborhoods together, giving them the distinctive identities that characterize Portland. Many districts serve the functions of a small town, offering services and providing space for public interaction and community celebration.

PURPOSE OF THE BOOSTERS (Art II) The Boosters were incorporated to promote growth and development of the St Johns area; to provide for the welfare and solicit the good will of the public; and to promote the legitimate interests of the commercial, industrial, professional, social, charitable, and religious concerns in the St Johns area.
